|--|
| final commit engineerjkk committed 3 minutes ago |
| result engineerjkk committed 10 hours ago |
| function for presenting the results engineerjkk committed 10 hours ago |
| heat equation over iterations engineerjkk committed 10 hours ago |
| heat_equation engineerjkk committed 10 hours ago |
| compute laplace engineerjkk committed 10 hours ago |
| boundry condition engineerjkk committed 10 hours ago |
| compute derivative y backward engineerjkk committed 10 hours ago |
| compute derivative y forward engineerjkk committed 10 hours ago |
| compute derivative x backward engineerjkk committed 10 hours ago |
| forward difference engineerjkk committed 10 hours ago |
| normalize the converted image engineerjkk committed 10 hours ago |
| convert the color image into a grey image engineerjkk committed 10 hours ago |

check the size of the input image**engineerjkk** committed 10 hours ago**commit2****engineerjkk** committed 10 hours ago Commits on Mar 27, 2022**initial commit****engineerjkk** committed 3 days ago[Newer](#)[Older](#)
